

Toyota Manufacturing UK Charitable Trust

Member Grant Scheme

June 2025

The aim of the Member Grant Scheme is to engage with our members, encourage their contribution to their local community and reward their involvement.

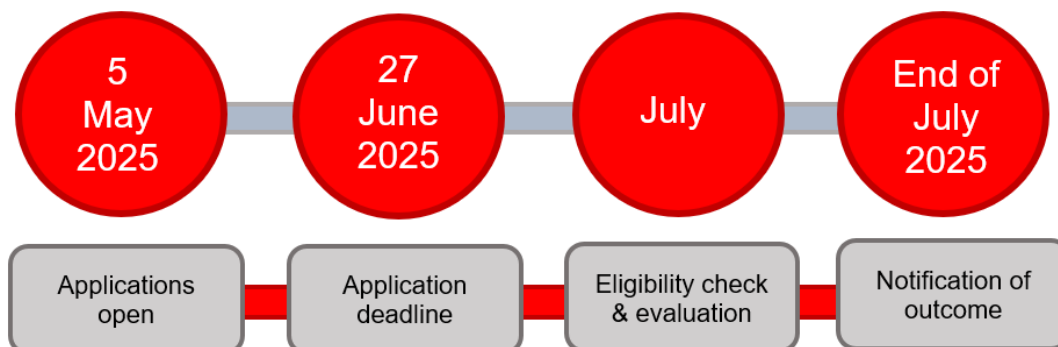

Grants are available to charitable organisations where a member **holds a recognised role** within that charity for 12 months or more. A representative from the charity, e.g. Secretary, Committee Member or Trustee, must describe the role held in the section headed "Toyota Manufacturing UK member details" on page 6 of the application form. **Please note, this does not include general fundraising or parent support roles.**

Typically grants range from £100-£3,000, with a maximum award of £5,000.00 available for extraordinary projects. Donations for sports equipment/kit will be capped between £1,000 and £2,000, pending on the size of the team.

Applications to the Trust must be completed in full and include a copy of your latest annual accounts. Supplementary information is welcomed.

Before completing the application, please review your eligibility. We will only evaluate applications which fulfil **all** eligibility criteria.

Timescale:

Successful applications will receive cheques end of July/beginning of August 2025.

If you have any queries regarding the Member Grant Scheme, please call Julie Langley, Corporate Planning & External Affairs on 01332 283611.

Application Flow

1. The member initiates the application with their charity.
2. The charity completes the application form and signs the section confirming the member's role.
3. Both the member and the charity sign the application form.
4. Submit the form to Julie Langley in Corporate Planning & External Affairs.

- Charitable organisations who are not required to register with the Charity Commission because their income is less than £5,000 per year.

- Projects with capacity to deliver significant impact and reach the greatest number of people.

Unfortunately, we currently do not support:
